TROUBLESOME INDIANS.

THE CHEYENNES ARE SHOWING UNEASINESS.

The President's Reception Along the Route to the Coast—A St. Louis Broker Gets Away With $35,000—Eccentric Millionaire Dead—Stanley's Profits.

ATLANTA, Ga., April 17.—The presidental party retired to their special train last night immediately after the reception at the governor's mansion. This morning when the sun was rising on the hills around Atlanta, crowds began to gather around the president's special, and by eight o'clock the crowd numbered 2000, equally divided between whites and blacks. Shortly before eight o'clock, a committee of the citizens with the passenger agents of the different roads which were present, repaired to the special train and presented Mrs. Harrison with a magnificent boquet of roses. About 8:30 cries were made for the President, and he responded by speaking from the platform of the car. At the conclusion of the President's speech, Postmaster-General Wannamaker was called upon, and his eloquent allusion to the death of Mr. Grady was received with great enthusiasm. He told the crowd to say goodbye with sorrow. There was liberal cheering from the people around the depot when the train pulled out for Birmingham.

MEMPHIS, Tenn., April 17.—The President's train arrived here at eight o'clock this morning from Birmingham. At nine o'clock the President held an informal reception at the Cotton exchange.

Caught for $35,000.

ST. LOUIS, April 17.—Page McPherson, the broker, is still missing. Affairs took a more serious turn to-day when the investigation of the business of McPherson, Switzer & Co. was concluded. Partner Switzer refused to make any statement of the condition of affairs, while J. W. Sormley, of Chicago, who came here to look after G. W. McCormick & Co.'s interests, says it was none of the public's business. Switzer stated that McPherson was involved with the firm. It is said McPherson was under bond to McCormick & Co. as their agent, his bond having been given by a fidelity company in the east, which will be called upon to make good whatever shortage may be developed. The firm, it is rumored, was caught for $35,000 by McPherson's speculations.

More Trouble With Indians.

PINE RIDGE AGENCY, April 17.—Boss Farmer Smoot arrived at the agency to-day from Medicine Root, bringing intelligence that a band of Cheyenne Indians are now camped on Wounded Knee, near the Big Foot battle ground. Amos Ross, a missionary, and Mrs. Keith, a school teacher, both halfbreeds, were stopped, but were finally allowed to proceed. They met Smoot, who was bound for the agency, and warned him to go in by a circuitous route if he wished to avoid trouble. He followed this advice. The authorities here regard the occurrence as the act of some crazy young bucks whose hearts are again bad. The general opinion prevails that there will be no renewal of the trouble this spring.

Mrs. Cleveland's Pet Takes First Prize.

CLEVELAND, Ohio, April 17—Baron, the handsome imported spaniel, which was presented to Mrs. Grover Cleveland while she was mistress of the White House, has been admired by all lovers of dogs at the Cleveland Bench Show, but nobody thought the little canine would carry away two blue ribbons. Such is the case, however, for besides taking first prize in the class for spaniels of all breeds over 28 lbs. Baron was declared to be the best dog exhibited at the show and was given a special award on that account.

An Eccentric Millionaire Dead.

CHICAGO, April 17.—John Gareschè, an eccentric millionaire, died last night at his home, a small shanty at the corner of Van Buren and Desplaines streets, aged 76. Gareschè had lived with his wife in the shanty nearly 50 years. He kept large sums of money about the house, also deeds and mortgages. He did not trust to the police to guard him from robbery, but took turns with his wife in sitting up all night to keep guard over the valuables. The body, in a cheap coffin, was to-day shipped to St. Joseph, Mo., for interment.

Stanley's Lectures a Financial Success.

NEW YORK, April 17.—The Sun says that Henry M. Stanley took $110,000 as his compensation for the 100 lectures delivered by him under the direction of Major Pond, between Nov. 11 and April 4. Major Pond said yesterday that reports to the contrary notwithstanding, the Stanley lectures were so successful that he had offered Mr. Stanley a large advance on the $1000 a lecture for another series. The receipts for the lectures, Major Pond said, averaged $2780, so that an aggregate of $305,800 was taken in.

New York's Death Rate.

NEW YORK, April 17.—For the 24 hours ended noon to-day, 227 deaths were reported. This is the largest number for any one day this year. Twenty-five deaths resulted from la grippe symptoms. Of this number but one from la grippe exclusively. This makes 213 deaths credited to la grippe. The number of policemen on the sick list was 190.

ROYALTY OFFENDED.

Discourteous Act of a Farmers' Alliance Representative.

COLUMBUS, Ohio, April 17.—A son of the Sultan of Turkey was grossly insulted while a guest in the Ohio House of Representatives to-day. The name of this descendant of royalty is Sir Hassan Ben Ali, and he is in this country as a commissioner to the world's fair. His party stopped over in Columbus on their way to Chicago and, among other points of interest, visited the legislative halls. When they reached the floor of the House of Representatives they were shown seats in the rear of the hall. Many of the members gathered around them and, with the aid of an interpreter, engaged in conversation. Mr. Benfer, a Farmers' Alliance member, who imagined the proceedings were being interrupted, demanded the sergeant-at-arms to clear the hall of visitors. Sir Hassan Ben Ali and suite were offended and marched out in stately dignity. Benfer's conduct brought down on him a storm of indignant criticism and a resolution of censure probably.

ADDRESS AND PRESENTATION

To His Lordship Bishop of Columbia—The Bishop's Reply.

The congregations of St. Lukes (Cedar Hill) and St. Michael's (Lake), through their rector and churchwardens, received the Lord Bishop of Columbia on his annual visitation yesterday and presented His Lordship with an address and a valuable gift on the completion of his thirty-second year of the Episcopate in British Columbia. The following address was read and signed:

To the Right Reverend, the Lord Bishop of Columbia:

Right Reverend Father-in-God: We, the undersigned, on behalf of the congregation at Cedar Hill and Lake, beg to tender our respect and esteem for your Lordship and heartily welcome you to our respective churches on the completion of the thirty-second year of your Lordship's Episcopate. The success and blessings which have attended your Apostolic mission to this Province not only call forth our tribute of gratitude but the thankfulness of all church people. While the long chain of years signally recording your stewardship has placed your Lordship third on the Apostolic list of the Anglican church throughout the whole world. Permit us to express our feelings of thankfulness for the church extension in the Province and the provisions made for a permanence of church privileges to succeeding generations. Truly do we wish your Lordship many years of health and prosperity with a continuance of the blessings hitherto enjoyed—(Here follows the names of rector and churchwardens.)

THE BISHOP'S REPLY.

My Dear Friends and Brethren:—I am much gratified by your kind gift and address on the completion of my thirty-second year in the Episcopate of the Church of Christ. It is a long period of God's blessing for which I am to be thankful for health and strength, but which also point to a close of work not far off. Disclaiming credit, you are good enough to award me, I yet must unite with you in thankfulness for the progress it has pleased God to grant to the Church of England in this Western Province of the Dominion, more particularly for the prospect of permanence afforded by the extension of a lawful Episcopate and creation of the two additional Sees of Caledonia and New Westminster. The good and successful work of my right reverend brothers in these dioceses has been and is to me a constant source of comfort and encouragement. Trusting you may all, rector, churchwardens and people of Cedar Hill and Lake parish, be blessed of God in both temporal and spiritual prosperity. I am your sincere friend and bishop. G. COLUMBIA.

April 16th, 1891.

The gift accompanying the address was executed at Messrs. Kingham & Minor's, in this city, and bore the following inscription on solid gold: "To the Right Reverend the Lord Bishop of Columbia, from the rector and churchwardens of Cedar Hill and Lake."

With the foregoing a copy of an eighteen page pamphlet styled "the Anglican church before, during and since the reformation," dedicated to the Lord Bishop of Columbia, was also given his lordship. The correspondence appeared in the TIMES last February.

NANAIMO NEWS.

Sons of England Will Celebrate St. George's Day.

NANAIMO, April 17.—Lodge Magna Charta, Sons of England Benevolent Society, will attend divine service at St. Paul's church, on Sunday evening, April 19, and the Rev. E. G. Miller (worthy chaplain of the above lodge) is expected to preach an appropriate sermon for the occasion. Next Sunday is chosen for the annual church parade, as it is the Sunday previous to St. George's Day. The lodge intends to celebrate St. George's Day in a right, loyal, true and patriotic manner, by having a banquet on that evening, April 23, and a jovial time is anticipated. The banquet is to be held at the Central Hotel, by Thompson & Williams, who have promised to keep up their reputation as caterers, and as far as they are able, will make the banquet a perfect success, and it may be inferred with safety that the members will not be wanting on their part to make the evening very interesting. Lodge Magna Charta has been organized about four months, and during that time it has grown considerably, both in numbers and usefulness, and will, in addition to other lodges of British Columbia, give quite an impetus to the order. All loyal and patriotic Englishmen, who can comply with the constitution of the order, may be assured that they will receive a hearty and cordial welcome into the ranks. The motto of the order is "Fidelity"—faithful to themselves, faithful to each other, and faithful to our country—and if carried out in its integrity, no society has a more nobler one. England, with all thy faults, I love thee still.

CONCERT AT ST PAUL'S INSTITUTE.

A grand concert was given in St. Paul's Institute last evening, in aid of the general funds of the institution. The singing, by several of the ladies, was very good, and sufficed to call forth continued applause from the enthusiastic audience who attended in fair numbers. Other features of the concert were recitations, instrumental music, and readings. Those who went to hear the singing, enjoyed themselves immensely, and as the event was only the first of a series of entertainments it is presumed the next will be more largely patronized. Rev. J. B. Good stated that it was his desire to promote a little amusement in the city and that is the principal reason why these entertainments will be held.

WILL TRY AGAIN.

The aldermen are determined if possible to remunerate themselves for their services, in accordance with the statute, but although some of them do not care to vote for it without ascertaining the feelings of the ratepayers, still they think they are entitled to some remuneration. The bill which was again brought up last Monday was allowed to pass its first reading on the understanding that it should be submitted to the ratepayers. It is doubtful when the bill is brought before the people, if they will sanction it, for as a rule the people of Nanaimo have an abhorrence of a special tax being put on their droperty, which the granting of remuneration to the mayor and aldermen means.

DYPTHERIA RAGING AT WELLINGTON.

Hardly a day passes but a death from dyptheria carries off one of the members of some family at Wellington. The last victim was George, aged three years, son of Mr. and Mrs. Shillitoe, of Wellington, which took place on Wednesday. This dread disease is causing quite a panic in the district, and many mothers are anxious to leave for other parts, lest some loved child should catch the disease and die. Nanaimo is more fortunate in this respect, and there are now only two or three cases existing in the city.

LITTLE HAPPENINGS.

The I.O.O.F. procession will take place on the 25th, followed in the evening by a grand banquet.

The few new stores that are being erected are already bespoken.

A meeting will be held this evening for the purpose of raising funds for May 24th.

WANTS AN EXPLANATION.

VENEZUELA CALLED TO TIME BY THE BRITISH

For the Murder of an Englishman—German World's Fair—Roumania Troubling the Triple Alliance—The Abduction Scandal—Bismarck's Election a Surprise to All

LONDON, April 17.—It is stated that the British government has called Venezula to account for the murder of a British subject, named Wm. Campbell by the Venezulan police. The killing appears to be the outgrowth of the old border dispute between Great Britain and Venezula. Campbell was arrested as a trespasser on Venzulan soil, and was shot because he did not immediately obey the order to accompany his captors. The affair gives Great Britain a desired pretext for an aggressive attitude toward Venezula, part of whose territory the British have been anxious to seize on account of gold being discovered in the coveted soil.

THE KAISER'S LATEST.

A Berlin dispatch says that the Kaiser's latest idea is to have a German edition of the Chicago fair to be held in Berlin immediately after the close of the Chicago exhibition. It is to be an international exhibition of industries, and a committee is soon to take charge of the movement. The certainty of the absence of France casts a chill over the undertaking.

ROUMANIAN UNEASINESS.

The growing Philo-Russian attitude of Roumania is causing no little uneasiness to the triple alliance. The Roumanian Government has ordered a cessation of work on the fortifications adjoining the Russian frontier, and it is proposed to make the celebration of the 25th anniversary of the accession of King Charles of Roumania strictly a national affair, thereby excluding representatives of Austria and Germany. With Roumania as an ally or friend, the Russians could advance without opposition to Bulgaria.

CAPT. VERNEY'S TROUBLE.

The news that Madame Rouillier, the French woman convicted of abduction, was the cause of Capt. Verney's troubles, has caused a quaking in high society. The Rouillier woman was held by the London authorities for some time awaiting sentence, in the hope that she would try to obtain clemency by confession, but she kept her mouth closed until she got into prison, when she proceeded to tell all or a part of what she knew. It is believed that she had a number of high reputations in her keeping, which are now in the possession of the home office and Scotland Yard. It was impossible to avoid prosecuting Verney, for the reason that the French woman had been prosecuted and convicted for the abduction in which Verney is alleged to have been an accomplice if not the principal.

BISMARCK'S ELECTION.

A Hamburg dispatch this morning says that Prince Bismarck received with equanimity the result of the voting at Gesttemunde, and was rather gratified at not being defeated, in view of the active opposition of the Government and Socialists. The prince, his friends say, is confident of election on the second ballot, and is well satisfied with the prospects of going to the Reichstag. Hamburg Socialists are disappointed because they did not succeed in electing their candidate, as they expected, and as Bismarck's friends apprehended, as the latter were already preparing another seat for him.

PORTER TO TAKE LEAVE OF ABSENCE.

Rome advices say that the Italian Government is deeply taken back by the report that United States Minister Porter is going on leave of absence, in order to give the Italian cabinet time to come to its senses, and as a diplomatic retaliation for the recall of Fava. The Italians are beginning to get over the impression that the Americans have been frightened by Italy's grimaces, and this last move, if true, is regarded as crowning the failure of Rudini's bluff.

RAILWAYS IN PALASTINE.

From Constantinople comes the news that the railway from Jaffa to Jerusalem is nearly half finished.

IRISH EMIGRATION.

All signs indicate that the emigration from Ireland to America will be at least as large this year as last. The emigrants are young men and women, the flower of agricultural districts, there being very few tradesmen or mechanics. Fully two thirds have their passages prepaid for America.

Still Another Cure for Consumption.

PARIS, April 17.—Medical circles in this city are greatly interested in a new treatment for tuberculosis discovered by L. Germain, the distinguished professor of clinics, at Hotel Dieu. The professor says the treatment requires the patient, male or female, to pass four or five hours daily, in a chamber where his or her entire body, with exception of the head, is compressed in linen bandages, saturated in a solution of creosote. Pressure is then increased. Several excellent and permanent results have already been obtained.

DISASTROUS COLLISION.

The Glamorgan Sinks, but the Passengers and Crew Saved.

LONDON, April 17.—At nine o'clock last night the Dutch SS. P. Callend, Capt. Devries, from New York, April 1, for Amsterdam, collided in the English Channel with the British steamer Glamorgan, bound from Antwerp to Cardiff. The Glamorgan sank shortly after the collision. The weather was clear at the time of the disaster. The crew of the P. Callend succeeded in rescuing the ship's company of the Glamorgan, who were fortunate in being able to lower boats and get away from the sinking vessel. The Callend arrived in the Dover roads with her bows badly stove in, but unable to anchor because of the serious injury inflicted upon her anchor gearing. She was also injured below the water line. Tugs were promptly sent to her assistance.

Dispatches from Dover say that before the two vessels came together each saw the other's lights distinctly. The Glamorgan struck on the broad side and was almost cut in two, so great was the force of the collision. The steamers were firmly locked until the Glamorgan filled. The vessel had thirty passengers, including two ladies, and a number of children. All were aroused from slumber in time to be rescued with the greatest difficulty and the ladies in their night robes. On board the P. Callend the passengers were greatly excited.

NEWFOUNDLAND DELEGATES

Say the Old Friendly Feeling for England is Dead.

LONDON, April 17.—In an interview this morning the delegates from Newfoundland who are here to present the views of the Colonial Government on the fishery question to the imperial authorities, said that there was no doubt that the present circumstances had created a very friendly feeling toward the United States on the part of the people of Newfoundland. The action of the United States in connection with the embarrassing position in which the colonists found themselves placed, had proved most attractive to the latter. The people of Newfoundland, of course, deeply regret the unhappy estrangement which has come between the colony and the mother country. Nevertheless, the existing impatience of their people at the cavalier-like treatment heretofore accorded by the Imperiel Government would, if such treatment was followed by the failure of the delegation in its present mission to England, be intensified and deepened into absolute alienation, the effect whereof would be difficult to forsee. In any event, there could never again be the same friendly feeling on the part of Newfoundland towards England as had hitherto been maintained. The delegation consists of five members: two from the Newfoundland Legislative Council and three from the House of Assembly. The delegates are Hon. Wm. Harvey and James Stewart Pitts, members of the Legislative Council; Hon. George H. Emerson, Speaker of the House of Assembly, Sir Wm. Whiteway, Premier, and Mr. Morine, Leader of the Opposition.

CANADIAN NEWS.

Late Telegrams from the Eastern Canadian Cities.

MONTREAL, April 17.—More than 1000 French Canadians have returned from the New England states to Montreal and surrounding country within the last fortnight, and the movement still continues. They say times are poor on the other side of the line, and that factory hands have the greatest difficulty in making both ends meet.

WILL BE CONTESTED.

MONTREAL, April 17.—The election of Brodeur, Liberal member of Parliament for Rouville, will be contested.

CARLING TO HAVE A CONSTITUENCY.

RAT PORTAGE, April 17.—It is reported on seemingly reliable authority that Macdonnell will not stand for nomination on Saturday. It is said Hon. Mr. Carling, Minister of Agriculture, will run instead, and that Macdonnell has been offered the superintendence of the Sault Ste. Marie canal, and that Davidson has been promised a senatorship.

WAS IT FOUL PLAY?

WOODSTOCK, April 17.—The body of John Pipe, a well-to-do farmer of this neighbourhood, was found in a pool of water, yesterday, with a shot wound in his breast. As his gun was lying some distance from the body, it is feared foul play has been committed.

OPENING OF NAVIGATION DELAYED.

OWEN SOUND, April 17.—The ice has left the harbor, and there is now nothing to prevent the opening of navigation. However, reports from Lake Superior are not favorable to the early opening, and it is doubtful if any of the Canadian Pacific fleet will sail before the first of May.

VALUABLE HORSES.

HAMILTON, April 17.—A. Geary of Dundas was here to-day arranging for the shipment of 31 very valuable heavy draught horses to British Columbia. The horses are some of the best ever exported from this part of the country.

CANADIAN MAIL CONTRACT.

HALIFAX, April 17.—In consequence of the announcement made by the post-office authorities yesterday, that the contract made with the Allan Steamship Company for carrying the Canadian mail, had expired, and that henceforth the Canadian mails will go to New York via Queenstown, instead of via Londonderry. The Allan steamships will cease calling at Londonderry.

Mothers!

Castoria is recommended by physicians for children teething. It is a purely vegetable preparation, its ingredients are published around each bottle. It is pleasant to the taste and absolutely harmless. It relieves constipation, regulates the bowels, quiets pain, cures diarrhœa and wind colic, allays feverishness, destroys worms, and prevents convulsions, soothes the child and gives it refreshing and natural sleep. Castoria is the children's panacea—the mothers' friend. 35 doses, 35 cents.

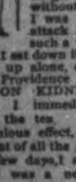
THE CRY OF MILLIONS

OH, MY BACK!

STOP IT NOW,

SOON IT WILL BE TOO LATE.



I have been troubled many years with disease of the kidneys and have tried many different remedies and have sought aid from different physicians without relief. About the 15th of April I was suffering from a very violent attack that almost prostrated me in such a manner that I was bent over. When I sat down it was almost impossible for me to get up alone, or to put on my clothes, when kind Providence sent Dr. Henley, with the OREGON KIDNEY TEA, to my hotel. I immediately commenced using the tea. It had an almost miraculous effect, and to the astonishment of all the guests at the hotel, in a few days, I am happy to state, that I was a new man. I will recommend the tea to all afflicted as I have been.

WEARY OF LIFE.

An Old Soldier of Her Majesty's Service Commits Suicide.

John Hughes, a native of England, aged 50 years, committed suicide at Port Townsend in the apartments occupied by himself, son and daughter. The method employed was an overdose of morphine. Hughes was in receipt of a pension from the English Government, having been a soldier in Her Majesty's service in India and Afghanistan. He was a hard drinker, and the latter was probably at the bottom of his troubles. The deceased was a member of Victoria Lodge, Sons of St. George, and was about to join the Port Townsend lodge. The latter body will probably have charge of the interment. The deceased lived in this city for a number of years, and was at one time a member of the local militia. He was employed for about a year in the offices of a well-known legal firm on Langley street.

WESTMINSTER ENABLING BILL.

The People Indignant at the Opposition to the Measure.

NEW WESTMINSTER, April 17.—The city hall was packed last night by an enthusiastic gathering of ratepayers and citizens to discuss the position of the Enabling bill, now before the House, and to take such action in the matter as should be deemed best in the interests of the city. Acting-Mayor Curtis was chosen chairman, and Alderman Keary secretary. The chairman stated briefly that the meeting had been called on account of the strong opposition that was being made in the House at the last moment to the passing of the bill, after which he threw the meeting open for free discussion.

The following resolution was then moved by J. A. Calbeck, seconded by C. D. Grant:

"Whereas, it appears from the reports of the debate in the Provincial Legislature, yesterday, that there is an impression among some of the members that the New Westminster Enabling Bill was not introduced with the consent and by the wish of a large majority of the ratepayers of the city, and whereas, the provisions of such act apply only to the affairs of this city, and affect only the rights of their own municipality;

And whereas the defeat of such act would involve the city in serious embarrassment and financial loss and would not be in the public interest;

Be it therefore resolved, that the rate-payers here assembled do urgently request and respectfully pray that the said act do pass. It is the opinion of this meeting that its passage is in accordance with the wish of a very large majority of the rate-payers and citizens, and that the opposition thereto is confined to a few persons who are personally interested in its defeat."

The resolution was strongly supported by Messrs. J. C. Armstrong, Thos. Turnbull, D. Robson, Jas. E. Lord and John Mackenzie. Mr. Thos. Cunningham was the only speaker on the other side.

The resolution was then put, and carried amid much enthusiasm by a unanimous standing vote, after which a resolution was passed, also unanimously, instructing the secretary to forward a copy of the resolution to the member for this city, and to the Premier, and the meeting adjourned.

Feeling runs high in Westminster on the Enabling Bill, and should the bill be defeated, there will be such a demonstration in Westminster as has never been known in its history.

Telegraphic Briefs.

The Lord Chancellor stated in the House of Lords that the law has no power to compel wives to live with their husbands against their wishes.

A request has been made to the French Government to have the remains of the late Prince Napoleon interred at Ajaccio, Corsica, the birthplace of Napoleon I.

Capt. Verney, M.P., will return to London to meet the charges preferred against him. It is generally thought that the evidence against him is at the the worst very weak.

Premier Rudini says that the cabled summaries of Blaine's letter are inadequate for him to form an opinion; that he was waiting anxiously for the text, and was desirous for a friendly solution of the difficulty.

A Rangoon dispatch states that Capt. Presgrave, has had a battle with a force of 300 Manipurs. He defeated the enemy, his mounted infantry pursuing them after their repulse. Fifty of the Manipurs were killed. The British lost none.

A gang of men who were excavating for a water pipe near the river at Kamloops, struck a flow of natural gas. A pipe was put in, the gas brought to the surface and ignited. It burns freely. Land along the river is being rapidly taken up.

De Cobain, the Belfast M.P. who departed from the country while warrants were being issued for his arrest on charges of unnatural practices, has been traced to Paris. He spent a week in Ostend, thence went to Brussels, and is now in the French capital.

Gen. Booth, commander-in-chief of the Salvation Army, has agreed to pay £10,000 for 600 acres of land near the South End, upon which he will establish his farm colony, one of the agencies by which he expects to redeem "Darkest England." He will spend from £15,000 to £20,000 in buildings, drainage and other improvements. The land is badly squatted, and, in the judgment of experts, the price paid is absurdly high.

A SOLID INVESTMENT

The intended improvements in the neighborhood of Oak Bay Avenue are bound to increase the value of real estate along this street, from 25 to 35 per cent. within the next three or four months. The Tramway will be in operation within the next ninety days, and many other improvements that are about to take place, are bound to bring this property to the front.

Lots ranging from $275 to $500 are now on the market, on very easy terms, and we can recommend them to intending investors as a solid investment. The best bargains in this neighborhood are in our hands exclusively.

CLOTHIERS & HATTERS

* * * * * * * * *

Two more cases black worsted suits to hand yesterday. These are solid worsteds, warranted to wear and retain their color. Only $16 a suit.

Another line of men's Tweed Suits at $10. This is a low figure, but the suits don't look like it. They are good value for more money.

Our boys' suits are nearly complete. We have an immense range at our usual low prices.

In men's and boys' pants we show the largest range in the city. Our silk worsted stripes at $5.50, 6, and 6.50 are beauties, and only need to be seen to be appreciated.

The fact that we alter and press suits sold here without extra charge is not to be overlooked by those wanting a good ready-made suit.

There is no doubt but we are doing the Clothing Trade of the Town.

Our stock of mens' suits from $5 to 15 is the largest ever shown in British Columbia.

SHOULD THE HOUSE GRANT IT?

The Lieutenant-Governor in Council may, subject to any terms and conditions which he may see fit to impose, grant to any railway or tramway company, incorporated under authority of the Legislature of the Province, a right of way, not to exceed 100 feet in width, through Crown lands, together with such other Crown lands as may be necessary for terminal purposes, sidings, stations, sheds, wharves, warehouses, embankments, bridges, culverts, drains, and other works of the company.

The above clause came down to the House for approval. During its discussion the members of the Opposition took occasion to point out the danger of putting such a clause in the Land act. It was pointed out that the present Railway act, clause 4, provides that the Lieutenant-Governor in Council may set apart a right of way through the lands of the Crown, and gives to the Government sufficient power to deal with the matter in this particular. But it seems that the Government is not satisfied. It wishes to acquire the power to give land to railways for terminal purposes, sidings, stations, sheds, wharves, warehouses, embankments, bridges, etc.

It is difficult to understand how an enlightened Parliament should be willing to give away the power it possesses in this particular, for it cannot be gainsaid that in the past the Legislature has held that it is its prerogative to deal with Crown lands.

It seems strange that the Legislature should, after holding the position of custodian of the public lands, allow that authority to pass into the hands of a Government chiefly distinguished for its partiality in administering the law.

As was pointed out by Dr. MILNE, during the debate, the granting of land by the Executive was not the most satisfactory way of dealing with such matters. He (Dr. MILNE) cited the case of the giving away of a large tract of land on Burrard's Inlet, in all over 6000 acres. The other point brought out during the debate was, that the Indian reserve in this city, which is valuable property, will revert to the Province at an early date. Considering the prodigality with which the present Government has given away valuable property to corporations, is it desirable that they should be given an opportunity to repeat the practice? Hardly! Victoria is too deeply interested in the subject for that.

WHAT GOLDWIN SMITH THINKS.

GOLDWIN SMITH is in an optimistic frame of mind. The Behring Sea question, he is of opinion, will be amicably settled, not because the closed sea argument is tenable, but because seal being "excursive" animals, they must be protected, or an industry of "world wide importance will be ruined." Regarding Newfoundland and annexation, Mr. SMITH holds that while England would not fire a gun to prevent the annexation of Canada, she would not care to lose Newfoundland as she requires a coaling station, and Newfoundland has plenty of undeveloped coal mines, just the thing required.

Mr. SMITH has great faith in the possibilities of a greater United States by the annexation of Canada and Mexico. Mr. SMITH, in fact, is an annexationist. Replying to the suggestion that a nation covering such an immense extent of territory could not hold together long, he thought otherwise. Local self-government made adhesion possible. But of his opinions, which should flatter the States most, we have that in which he takes the ground that England would not stand idly by and allow New York and Boston to be battered by Italian and French gunboats. "England's commercial interests," said he, "are bound up to a tremendous extent in the welfare of your American ports, leaving out of the question all sentimental consideration of kinship. England could not afford to allow such an outrage to be perpetrated." If we may believe Mr. SMITH, this is not a good year for jingoes.

MOSSBACKERY NOT PECULIAR TO ANY GIVEN LOCALITY.

Mossbackery, it appears, is not confined to the Pacific coast. It is a disease not unknown in the Eastern States. The Oregonian has complained of it as being almost epidemic in Portland, and General ROBT. L. VIELE, in an interview in the New York Herald, describes it as having been one of the features of New York. There was a time, according to the General, when Newport, Rhode Island, had a larger commerce than New York; but with the opening of the Erie Canal, an enterprise which was opposed as being a real estate boom for the little towns along its line, New York began to grow as a commercial mart, which, with the subsequent addition of railways, completed her destiny as the leading American city. Speaking of railways, "I," says the General, "saw the first rail laid on an American railway. It was known as the 'Mohawk and Hudson,' running from Albany to Schenectady. To-day there are upward of two hundred thousand miles, and more building every year. Nearly every mile of this great system of intercommunication pays tribute to New York." Passing on to the immense development of New York, in point of the extension beyond its original limits, the General tells his story of the City Hall being built with brown stone on the north side, because that was the back door, and few people would ever see it. Again, with reference to the Central Park, he mentions that those who tried to improve on the original plan narrowed the roadways because they did not believe there would be enough people to require them to be so wide, and now everybody must go at a "funeral pace" in consequence of the crowd. The lesson to be learned from the commercial history of New York is, that she owes her prosperity to canals and railways. Through these she has become the focal point of trade for the entire continent, nor is it likely that she will ever lose it.

SPORTING INTELLIGENCE.

Matters of Interest Going Forward in the Sporting World, Here and Elsewhere.

THE RING.

THE BEST MAN OF HIS WEIGHT.

SAN FRANCISCO, April 17.—Although Hall has left Harris's management and taken up with Muldoon, the Australian still says that the challenger of Fitzsimmons is the best man of his weight in the country. Harris thinks that the surest thing in the world is that Hall will defeat Fitzsimmons if they ever meet when both are fit and well.

BASEBALL.

CROSS BATS TO-MORROW.

The Diamond Baseball Club is the latest addition to the clubs of the city. They will cross bats with the Oakdales at the Hill to-morrow afternoon in the following positions:

Diamonds.		Oakdales.
F. Johnson	pitcher	H. McKillican
Moody (captain)	catcher	F. Blackburn
T. Wilson	first base	(capt.) Bradley
F. George	second base	H. Pittock
L. Baker	third base	A. Huxtable
F. Jewell	shortstop	P. Johnson
L. Gill	centre field	W. Askew
J. Burns	left field	W. Baley
C. Lowe	right field	R. Bradley

Umpire, Wm. Netherby; scorer, W. Atkinson.

CYCLING.

THEY SHOULD BE SUPPORTED.

When the meeting of the Island Wanderers Bicycle Club was called to order last evening, it was plainly evident that the boys intended to make big arrangements toward assisting the general committee to celebrate the Queen's birthday in a suitable manner. After very little discussion the captain was instructed to address a letter to the members of the general committee, and they will hold another meeting after they receive an answer. The letter reads:

To the Chairman and Members of the Celebration Committee — Gentlemen: At a meeting of the Wanderers Bicycle Club, which now numbers about 60 active riders, last evening, it was unanimously decided to make the day, or one of the days chosen by you, for the celebration of Her Majesty's birthday, the occasion of a grand cyclist meet and tournament, to be held in the city, and which will without doubt be attended by clubs from Tacoma, Seattle, Portland, Port Townsend, Nanaimo, Vancouver and New Westminster. In all we can count upon having no less than 100, and possibly more than 150 riders in line. For their entertainment and the attraction and entertainment of visitors and citizens, it is proposed to have during the day a short but good list of racing, including the undermentioned events:

Professional race, distance to be fixed. Five mile race, amateurs only, and open to all. Safeties' race, Visitors' race. Hill Climbing contest.

The evening would be devoted to a carnival parade, each wheel being fantastically decorated with about twelve Japanese lanterns, and the riders assuming masquerade costume, and being supplied with fireworks.

In order to make the tournament a big success, the club will require the co-operation and assistance of the general committee, in providing for the reception and entertainment of visiting clubs, the purchase of suitable prizes and the supply of lanterns of which there should be no shortage. We would ask, therefore, that a sub-committee be named to act with the club in perfecting arrangements, and that you give the tournament cordial and generous support.

C. W. MINOR, Captain.

SPORTING NOTES.

WILL CLOSE THE POOL ROOMS.

OAKLAND, Cal., April 17.—The San Francisco ordinance prohibiting pool rooms will be introduced in the Oakland council next Monday evening, and probably will be promptly passed. It is not believed the business will last long here with the public sentiment condemning it as it does.

WRESTLING TOURNAMENT.

There are several Victorians who would like to go to Nanaimo to take part in the coming wrestling, but all being amateurs they do not wish to lose that title by competing for money prizes. A tournament for amateurs will be arranged to take place in this city during the summer.

NEWS OF THE CITY.

To be on the Market Monday.

The Oak Bay property will be put on the market Monday morning, and from enquiries made after the property, the presumption is that the real estate agents will be kept busy.

On His Way Home.

F. B. Gregory, of the firm of Belyea & Gregory, left Washington on Monday last, and is due in San Francisco to-day, on his way home, having finished his work in connection with the Behring Sea question. He will come up on the next boat.

Gymnastics.

This evening there will be an "open session of the gymnasium" at the Young Men's Christian Association, Broad st. The programme will consist of gymnastics, ten minutes talk by Dr. M. S. Wade, and music. Young men will be welcomed.

Spring is Well here.

During the last few days spring has unmistakably demonstrated her presence. The trees and hedges have almost in a day donned the first of their summer garments, flowers have bloomed out and fruit trees have blossomed as if by magic.

Retreat for Ladies

The ladies of the Roman Catholic cathedral will commence a strict retreat on Sunday at four o'clock. It will continue for a couple of days, and terminate with the customary devotional exercises. It will be held mainly in St. Ann's convent.

New Sea Water Baths.

A gentleman has purchased some lots on the Dallas road where he purposes erecting salt water baths. If the council grants permission to him to take his pipes underneath the road, he thinks he will not regret his investment, there being no institution of the kind here now.

A Family Newspaper.

THE WEEKLY TIMES is rapidly becoming recognized as the paper for the family and the farmer. It is found everywhere in the province, and it is known far away from the province as newsy, reliable, and interesting. This week's number out to-day is up to the mark.

No Boats for the 24th.

When an anxious one enquires if he can have a boat for the 24th now, the boatmen tell him that they will gladly pay him a handsome price if he can direct them to some place where they can beg, borrow or steal some pleasure boats. They were taken up as early as December last.

Going to Behring Sea.

Edwin O. Wheeler, of the Seattle Press-Times, left for home last night. He will return to Victoria again in a few weeks and proceed to Behring Sea to study the sealing industry, which he will write up for the Press-Times. An item, in regard to the difficulties which the representation of a New York paper was meeting in obtaining transportation to Behring Sea, had no reference to Mr. Wheeler.

Coming to the Coast.

President VanHorne, R. B. Angus, and Chief Engineer P. A. Peterson, of the C.P.R., accompanied by Mr. John Cassels, one of Montreal's oldest merchant princes, left Montreal for the coast on the 14th inst., in the President's private car Metapedia. They will, as previously announced, meet the new steamer Empress of India, at Victoria, and board her for Vancouver. Mr. Van Horne will also make this his annual inspection trip.

To Do the Coast Trade.

The steamer Taichow has been chartered by the C. P. Steamship Company from the Scottish Oriental Steamship Company, to do the coast trade in connection with the new C.P.R. steamers. She is due here on the 23 or 24 inst., direct from Hongkong, and will at once discharge her Vancouver freight, afterwards going to the Sound and Portland, bringing back flour. She is a sister ship to the Monkut, and is about 1260 tons, gross burden.

A Splendid Example.

Col. Wolley's new house at Oak bay, which is being built by McKillican & Anderson, to cost $17,000, is now well under way towards completion. It will be a large and handsome structure. The colonel is also having a 60-ton yacht built in Scotland, to sail the waters of Oak bay, and run away from anything in yachts in this vicinity. She will be very luxuriously and expensively fitted up, and will be built on lines meant for speed. Several other gentlemen are going to follow Col. Wooley's example.

The President Can Travel.

Considerable discussion arisen over the invitation of the Mayor to President Harrison to visit Victoria. It was in some quarters the popular idea that the President could not leave the United States, but this proves to be only a legendary idea. It is simply a matter of precedent. There is nothing in the laws or constitution to prevent his leaving the country. U. S. Consul Myers has been studying authorities and has found no provision or enactment which forbids the President leaving the United States during his tenure of office.

The Queen's Birthday.

Victoria is already making elaborate preparations for a grand celebration of the 24th of May. It is said that this year's display will far outshine those of former years and that the number of visitors from the States will be greatly in excess of the the attendance at all previous celebrations. The Westminster battery goes down for a few days to assist and also to put in their annual heavy gun practice and firing. Westminster will not celebrate the day by any great show, but she will supply visitors to the other towns, and the said visitors will go with full pockets and have a good time.—Ledger.

Will Not Come.

E. E. Blackwood received a telegram late this afternoon stating that the Kingston would not be able to come over to-night. No reasons were given.

Going to Be Married.

Mr. M. S. Davis, well known in Kootenay circles, leaves for Nanaimo to-morrow for the purpose of taking to himself a wife, in the person of Miss Bates, a resident of the Black Diamond City.

Legal Notes.

The Full Court in the Davies vs. McMillan case has been postponed to the second Monday in July.

The case of Seely vs. Morse has been further adjourned.

The courts were empty again to-day.

Regarding the Regatta.

Speaking to a reporter this morning a gentleman expressed the hope that the general committee of the 24th celebration would see that such arrangements were made as to prevent scows and steamers running into the midst of a race and spoiling it, as two or more were spoiled last year. A fixed time for the departure of these scows would have the effect of preventing this, and no scow or steamer should be allowed to pass Deadman's Island after the firing of the first gun.

Will Be a Test Case.

When John Cort rented the Club Theatre and refitted it, the roof was raised. This Mr. Northcott, the building inspector, thinks is a violation of the building by-law, and he has therefore summonsed Mr. Adams, the owner of the building, for an infraction of the building by-law. The case will be fought, when the by-law will be fully explained, a great many being in the dark as to what they are allowed to do to wooden buildings in the way of repairs. The case will come up on Monday.

The Railway Question.

A special meeting of the Board of trade was held this morning, when, other business transacted, the following committee was appointed, in accordance with Mr. H. E. Croasdaile's resolution, as passed at the last quarterly meeting: The president, vice-president, J. H. Todd, Hon. J. H. Turner, A. B. Gray, A. C. Flummerfelt, A. J. McLellan, His Worship Mayor Grant, Ald. Renouf and D. R. Kerr, with power to add to their number. The committee will report to the board.

Alaska Excursions.

The steamer Mexico, which left San Francisco on the 15th inst., is due here to-morrow, with the first Alaska excursion party of the season. She will very likely arrive in the evening, and the party be given an opportunity of seeing the city on Sunday. Besides a very large passenger list, she has a quantity of freight which will be added to at this port, several firms having consignments to send up. The Mexico will make two trips a month until the 12th of September. The Queen will not make her first trip until June 7. She will make two trips every six weeks.

Nearly All Done by the Ladies.

One of the best known, and most experienced advertisers on this continent asserts, that the ladies buy 85 per cent of all goods used and consumed in the home. This is an indication of better judgment, and superior knowledge of the articles bought by them for home consumption. Ladies are much quicker than men in detecting faults and weak points in any household article. It is owing to this care, good judgment, and close scrutiny, that Diamond Dyes now hold such an exalted position. They have been tested and tried year after year, and have never failed; they are always as sure and certain, as night follows day. Other makers vainly attempt to imitate, but their efforts prove futile and barren.

Industrious Children.

The Sunday school children of the Pandora street Methodist Church have shown by a little scheme that they are now carrying out, what a long way a small amount will go towards adding to the funds of their school. About six months ago the officers of the school distributed a number of ten cent pieces, which were to be invested by the children and the results turned over to the school. The girls and boys went to work in earnest, the former buying silk, etc., and making fancy articles, which they sold to their friends. In this way $67 was realized. Then the officers distributed $4.50 in 25 cent pieces, and already $97 have been obtained, with good prospects of the amount reaching over $100.

The Mayor's Invitation.

The Sunday Oregonian, commenting on Mayor Grant's invitation to the President of the United States, to accept of the hospitalities of Victoria, says: "It is very gracious of the Mayor of Victoria to invite the President to visit that city. It is doubtful, however, if the president accepts the invitation. He is not given to innovations, and we believe no president has ever left the country during his term of service. There is no law against such proceedings, and no reason why a president should not sail across the Straits of San Juan and back, but precedent is stronger than law, and the possibility is that he will not do it." The Oregonian, it seems, accepts the invitation in the spirit it was given.

First of the Season.

The first Raymond excursion party of the season arrived here last evening on the steamer City of Kingston having come out by the Southern route through Texas, New Mexico, California, Oregon and Washington. To-day was spent in driving around the city and suburbs, the weather being as delightful as could be wished for. The party which are registered at the Driard consist of Henry C. Lyon (in charge); Mr. and Mrs. W. F. Wilson and Mr. and Mrs. F. B. Asten, of New York city; Mr. and Mrs. E. O. Noyes, Brockton, Mass.; Mr. and Mrs. Henry Herrick, Amsterdam, N. Y.; Mr. and Mrs. Adrian Clark and Master H. R. Clark, Yonkers, N. Y.; Mr. J. D. Rice, Worcester, Mass.; Mr. and Mrs. Z. C. Felt, Storm Lake, Ia.; Mr. Daniel E. Day, Miss Olive B. Day and Dr. and Mrs. Ass W. Brown, Providence; Mrs. L. E. Fuller, Housatonic, Mass.; and Miss E. L. B. Clough, England. They leave for the east this evening taking in Yellowstone Park on their way home.

No Eastern Mail.

The train from the East failed to connect with the Islander yesterday, consequently that old familiar notice could be seen in the postoffice, "No Eastern Mail."

Cars to the Park.

The street committee have taken into consideration the matter of the street car right of way to the park, and will meet the Hon. Mr. Higgins in regard thereto. It is the generally expressed hope that such arrangements will be made as will ensure the cars running into the park before the hot weather sets in, or tourist travel begins.

By Special Request.

At the request of a great number of ladies and gentlemen, the grand performance by the "Sable Serenaders" will be repeated in the Victoria Theatre on Thursday evening next, the 23rd instant. Owing to the length of the programme at the last performance, a change will be made in the second part of the entertainment. Tickets will be on sale to-morrow, and at such prices for admission as 75c. for parquette, 50c. for dress circle, with a 25c. gallery. The gentlemen who have gone to the trouble of getting up and so successfully rendering the performance of last Tuesday evening should be rewarded with a crowded house. They promise new songs, jokes and specialties.

The Great Organist.

That musical magician, Fred Archer, is coming again to make St. Andrew's church organ seem an instrument gifted with powers sublime. It is only a few short months since Mr. Archer was last here, but he would be just as welcome if it had been only yesterday that he sat at St. Andrew's organ. Like all genuises he is eccentric. On the occasion of his last short visit here no one knew of his arrival. The committee were discussing the best way of pacifying the audience and expressing regret at the unexplained absence of Mr. Archer, when that gentleman put an end to the perplexity of the committee by coolly walking in and taking his seat at the organ and thrilling an audience, every member of which felt the magnetism of his music and presence.

The Late Captain Pender.

The death of Captain Daniel Pender, R.N., F.R.G.S., assistant hydrographer to the Admiralty, occurred in March, at 20, Oxford-gardens, W. This officer became a navigating sub-lieutenant, or second master, in 1853, and saw service in the Britannia, 120, in the Black Sea and before Sebastapol during the Crimean war. He was subsequently appointed to the Plumper, 12, surveying vessel on the Pacific station, where in 1859, he obtained promotion to the rank of master, or navigating lieutenant, and where he remained for a number of years, first in the Plumper, then in the Hecate, 6, then, as additional, in the Sutlej, 35, flagship successively of Rear-Admiral Kingcombe and of Rear-Admiral the Hon. Joseph Denman, and, finally, in the Zealous, 20, flagship of Rear-Admiral the Hon. G. F. Hastings. During this long period Mr. Pender acquired an unrivalled knowledge of the Pacific, which he did not quit until some time after his promotion to the rank of staff commander in 1859. He was next appointed one of the naval assistants in the Hydrographic Department of the Admiralty, and successively, chief naval assistant and assistant hydrographer. He retired from active service with the rank of captain, in 1884, when he was chief naval assistant. Captain Pender was 58 at the time of his death.—London Times.

[No doubt some of the earliest settlers will remember H.M.S. Plumper and Captain Pender.]

Tourist Spoons and Opera Glasses.

Mr. A. A. Clayton, of the Diamond place, Government street, has now completed and ready for inspection, a large stock of tourist spoons, suitable for souvenirs of Victoria. In the bowls of the spoons are etched scenes of the Gorge, Dunsmuir Castle, Mount Baker, and other pictures of Victoria scenery. He has also just received a consignment of beautiful opera glasses, in pearl and Russia leather, which are pronounced the finest ever imported to this city.

April showers may be the forerunner of May flowers, and they are also certain to bring with them cold in the head, which if neglected, develops into catarrh, perhaps into consumption and death. Nasal Balm never fails to give instant relief, and will permanently cure the worst case of catarrh if faithfully used. Sold by all dealers.

PROVINCIAL LEGISLATURE

SUPPLEMENTARY ESTIMATES ARE PASSED.

Amendment Granting Power to Government to Give Land Facilities to Railways Passed—Amendments to Municipal Bill—A Long Session.

THURSDAY, April 16, 1891.

The House was called to order at 2 o'clock.

Hon. Mr. Robson said it afforded him very great pleasure to see in his seat Mr. Punch, the member for Westminster district, who had been an invalid up to the present time this session.

Mr. Punch, conducted by Messrs. Sword and Kitchen, was then presented to the Speaker, and took his seat.

Mr. Sword moved the following resolution: "That the report of the committee appointed March 4 to consider and report on the answer given by the Hon. the Chief Commissioner of Lands and Works to clause (c) of the question asked by Mr. Sword, be adopted." Carried.

Mr. Semlin moved the following resolution: "That, in the opinion of this House, the principle laid down in the Public Works act, of carrying on work by contract, should be extended to bookbinding required by the government."

He thought by this principle the work would be done better and cheaper than at present. Carried.

Mr. Smith presented the report of the Mining Committee, which was received and ordered to be printed.

Hon. Mr. Robson moved the second reading of the bill to regulate the sale of spirituous liquors, which was to prevent dealers supplying liquors to habitual drunkards and to regulate the sale on Sundays of liquor.

Mr. Keith moved the previous question, which was carried and the bill was read a second time.

The House went into committee on the message of the Lieutenant-Governor, with a bill to amend the Columbia & Kootenay Railway Subsidy act, Mr. Forster in the chair.

Hon. Mr. Davie said a subsidy was given to this railway last session of 200,000 acres of land in blocks four miles square. The present bill was to allow the company to take up blocks two miles square, but at the same time the railway gave up its rights to all the base and precious metals on the land by coming under the provisions of the land act passed this session. There was no further grant of land to the company.

The committee rose and reported the bill to the House, which was read a first time.

Committee on the message of the Lieut.-Governor with amendment to the Land bill.

Hon. Mr. Davie said it was proposed to insert the following clause: "The Lieutenant-Governor in Council may, subject to any terms and conditions which he may see fit to impose, grant to any railway or tramway company incorporated under authority of the Legislature of the Province, a right of way, not to exceed one hundred feet in width, through Crown lands, together with such other Crown lands as may be necessary for terminal purposes, sidings, stations, sheds, wharves, warehouses, embankments, bridges, drains and other works of the company."

Hon. Mr. Beaven said the proper way was to bring down a bill for each particular case. The Legislature should be as careful of granting land as money. It was putting too much power in the hands of the Government. If he was a member of the Government he would sooner hand in his resignation than ask for such a right.

Mr. Cotton also opposed the clause on the same grounds as the leader of the Opposition.

Hon. Mr. Robson said if it was proposed to bonus a railway there might be reason for opposition. It was simply to give a right of way and the necessary terminal facilities on Crown lands. Surely it was in the public interest not to obstruct railways.

Mr. Semlin saw no reason to depart from the practice already followed. He did not believe in a few favored people being allowed to come to the Government for all the land they wanted to carry out their works.

Hon. Mr. Beaven said the bill would give power to the Government to give away some of the most valuable land. For example, the Indian reserve in Victoria. When the Indians died out or left, it reverted to the Provincial Government, and they would be able to give that away to a railway company if this bill was passed. Each railway should be dealt with separately on its merits by the House and this sweeping power should not be given to the Government. It would lose to the House one of its most valuable prerogatives. He would not oppose the right of way if that was all that was asked for; but it was the other purposes, such as terminal facilities, etc., that he was opposed to.

The committee rose and reported the bill to the House. The report was received on the following division:

Against—Semlin, McKenzie, Milne, Keith, Cotton, Forster, Kitchen, Sword, Beaven.

For—Messrs. Robson, Pooley, Turner, Vernon, Martin, Croft, Eberts, Stoddart, Booth, Hall, Rogers, Nason, Anderson, Baker, Brown, Smith, Kellie, Punch, Davie.

Report of bill for the protection of cattle. Some slight amendment was made, the adoption being left over till to-morrow.

Report on act to amend the Jurors Act. The bill was further amended, the report was adopted and the bill read a third time and passed.

Report Land Bill. The following amendment by Mr. Booth was carried: to add the following to section 4, sub-sec. (4), sub-sec (c): "Provided always that no person shall purchase more than one tract of land, of whatever extent, under this section until the above mentioned improvements have been completed in accordance with this act."

Hon. Mr. Vernon moved the amendment re granting terminal facilities and right of way to railroads, brought down by message from the Lieut.-Governor.

Hon. Mr. Beaven moved in amendment to restrict the grant of right of way of tramways to 66 feet in width and to strike out all the words after "tramways crown lands" in line 4.

Mr. Milne supported this amendment and opposed the granting of terminal facilities by the Government. He considered that it gave too much power to the Government.

Mr. Brown thought the clause a little too wide. There were cases where terminal facilities should be granted. He proposed that the words wharves and warhouses, should be struck out and to restrict the amount of the grant to that actually required for the uses of the company.

Mr. Booth said the whole argument of the Leader of the Opposition presumed that the Government was dishonest, and held that while it possesses the confidence of the people it should have the right.

Mr. Cotton said the whole question was that the Government was asking the House to give up a right that belonged to the House. He saw no difficulty in the companies coming to the House and asking for these advantages as heretofore. It might, perhaps, be proper to allow the Government to give them right of way through crown lands. If tramways were to be allowed this right of way there ought to be some more restriction. If a tramway was granted 100 feet right of way near a town they might use only twenty feet and lay the rest out in lots. The right of giving unlimited amounts of land to railways by the Government, was open to great abuse.

Hon Mr. Robson denied that this section gave the Government the right to bonus railways and tramways. It gave the power only to give them the land absolutely necessary for carrying out their lines. When twenty feet would be enough for a tramway that is all the Government would give. The Government possess constitutional power to pay out thousands of dollars without coming to the House, until after the money is expended. This was a similar power. If the Government abused the power, when the matter came up in the House next session, the House had the right to hold them responsible for the abuse of that power.

Hon. Mr. Davie said he could not wonder at the leader of the opposition and the deputy-leader of the opposition (referring to Mr. Cotton) opposing the measure because they were only carrying out their policy of opposition to everything the Government did. If the majority of the House did not have confidence in the Government they could say so and put their confidence in some other Government.

Mr. Semlin did not see why this legislation was asked for. The Government had already the power to give railways the right of way over public lands. He felt there must be some other reason they did not know of.

Hon. Mr. Beaven's amendment was lost, as was Mr. Brown's.

The clause as brought down was added to the Land Bill as clause 17 on the following division:

For—Messrs. Punch, Kellie, Smith, Baker, Robson, Davie, Vernon, Eberts, Stoddart, Booth, Hall, Nason, Pooley, Turner, Martin, Croft, Anderson, Forster.—18.

Against—Messrs. Semlin, McKenzie, Sword, Kitchen, Cotton, Milne, Beaven, Keith, Grant, Brown.—10.

The report was adopted, the bill read a third time and passed.

Hon. Mr. Beavan rose to a question of privilege. A serious charge against a member of the House should be investigated. He was shocked at the character that the Leader of the Government gave the Attorney-General last night (referring to a remark that the Hon. Mr. Robson made last night in committee on the Sunday Bill, when he said the Attorney-General stated what he knew to be untrue). Here rose a great uproar, Hon. Mr. Beaven trying to make himself heard.

The Attorney-General thought that the hon. gentleman should, in justice to him, be allowed to state his question.

The Speaker considered the hon. gentleman could state his question of privilege (after consulting authorities on the subject).

Hon. Mr. Beaven, however, did not go on with the subject.

Hon. Mr. Davie presented additional returns of correspondence between the Dominion and Provincial Governments, relating to the Assessment Act.

Hon. Mr. Turner presented a message from the Lieut.-Governor, with supplementary estimates, and on his motion it was referred to committee of the whole, Mr. Martin in the chair.

The committee rose and reported to the House. The report was received, and referred to committee of supplies.

Mr. Grant said, in the general interest he would like to call the attention of the Government to the desirability of bonussing shipbuilding in the Province. He suggested they might give, if they would, a bonus of $20 a ton to vessels built in the province. There were people here who were deliberating between buying vessels for the trade of the Province or having them built. He thought the Government might well take up this matter, as it was most important.

Hon. Mr. Turner said that he considered the question very important, but it was rather late to take it up this session. He and other members of the Government would favorably consider the matter, as it would be of great advantage to the Province.

The committee then took up the estimates.

Mr. Semlin wanted some explanation with regard to the Superintendent of Provincial Police, for whom a salary of $1800 for the year ending 30th June, 1892, was put down.

Hon. Mr. Davie explained that the office was necessary, owing to the growth of the country.

In reference to the $22,500 in settlement of Esquimalt Graving Dock claim, Hon. Mr. Beaven said that two previous attorneys-general had said there was no legal claim.

Mr. Milne thought if money was to be expended the local creditors should be paid first.

Hon. Mr. Robson said if the question was taken to the courts the Province would be put to a very large expense. The Government had considered it was better to settle than let the thing go through the courts. It was intended that local creditors should receive the first consideration.

The supplementary estimates were passed as follows:

Year ending 30th June, 1892—Administration of Justice (salaries)	$ 2,520
Education	1,300
Public Works	1,000
Miscellaneous	2,500
Total	$ 7,400
Year ending 30th June, 1891—Civil Government (salaries)	$ 900
Revenue Service	100
Esquimalt graving dock claim	22,500
Total	$ 23,500

ous sums expended during 1890-90 ..... mounting to $24,770 3

he committee rose and asked leave it again.

he House rose for recess at 5:30.

EVENING SESSION.

he House met again at 8 o'clock.

he reports of the supplementary esti- es passed through committee to-day e agreed to and read a second time.

resolutions were then agreed to.

House then went into committee of s and means, Mr. Martin in the r.

he committee rose and reported that supplies be granted. The report adopted.

he House went into committee with Supply bill, rose and reported the bill he House. The report was adopted.

bill was read a first and second e and the bill was put through com- ee and reported without amend- t.

he bill was read a third time and sed.

he following bills were read a third and passed: Okanagan Land and elopment bill, Liverpool and Canoe Railway bill, Vancouver and Lulu nd Railway bill, Vancouver and Island Improvement bill, Van- ver, Northern and Alaska Railway Benevolent Societies bill, Indus- l Societies bill.

eport Nicola, Kamloops and Simil- een Railway was amended and pted and the bill read a third time passed.

committee Victoria and North Am- an Railway bill, Mr. McKenzie in chair.

he committee rose and reported the complete without amendments. report was received.

eport Toad Mountain and Nelson mway bill. The anti-Chinese clause lost on division of 5 to 7. The re- was adopted.

committee Legal Professions act. bill was adopted with amendments ird reading to-morrow.

ouse went into committee on the County Courts bill, Mr. Milne in the r.

he committee rose and reported the complete with amendments and the ort was adopted.

eport Vancouver City Amendment . Hon. Mr. Davie moved to strike section 28 which allowed the city rohibit the sale of meat, vegetables, or poultry elsewhere than at the lic market, provided that the rights existing dealers be protected. He t that this was interfering with ate rights.

r. Cotton was surprised at bringing he question again after the House approved of the clause. The argu- t amounted to the fact that the city d not look after its standing affairs. as no good building a market place then allowing dealers to carry on r trade where they pleased to the ry perhaps of the health of the city. se amendments had been duly ad- ised and no objection had been le against them. The city should be wed to regulate its business and say ther certain businesses should be ried on in certain localities.

on. Mr. Pooley said the clause was ompel people to close up their shops sell in one particular place. The se was pernicious in character.

fter some discussion Mr. Grant sug- ed to put in "the owners of the ises occupied by such dealers" put after the clause would protect all ate rights in the matter.

he Attorney-General's amendment carried by 15 to 10.

he report was then adopted.

eport Municipal bill. The following ndments were adopted.

y Hon. Mr Beaven—"39. The clerk ach municipality shall in every year, ediately after the final correction revision of the list of voters, make a correct alphabetical list thereof, ded into separate columns, with ings stating under what qualifica- a voter is entitled to vote."

y Mr. Sword, to add as sub-section ection 74:

) Whenever it shall appear by the sment roll of any township or dis- municipality that the wards in municipality are so unequally ded that the amount of assessed perty in any ward exceeds in pro- ion to its representation in the ncil by more than 40 per cent. the ssed property in any other ward in portion to its representation, then it l be the duty of the council, on the ten request of any councillor, to re- de such municipality into wards, on tasis of assessed valuation.

y Hon. Mr. Beaven, to strike out all words after "works" in section 96, insert: "for arranging and settling any owner or owners of real prop- the terms and conditions under ch the sewer may be constructed or through his or their land; and to ropriate such land as the council deem necessary for the purpose of structing the main sewer, not, how- exceeding feet in width, sub- to the restrictions contained in ions 206 to 209 (inclusive) of this and provided, always, that the er to expropriate land in this sub- ion is only conferred, and can be exercised by the council, in the t of there not being a street or allowance in the vicinity which the ncil can use for the purpose of con- cting or laying the main sewer."

number of other amendments were u.

ou Mr. Beaven moved: Show (a) heading, rate or tax under which assessment is made; (b) The land, property, or improvements the on is assessed for; (c) The value or of money at which each piece, lot, subdivision of the person's land, property, or improvements, has n estimated and assessed; (d) The amount of the estimated value assessment of such; (e) The number ays' statute labor (if any) the person nsidered liable for; (f) The rate per and the total amount in cash the on may pay as commutation money ed of statute labor (if any); (g) The ssor shall then enter upon the roll, osite the name of the person assessed, date of the delivery, or of transmit- such notice, with a copy of the ess if transmitted.

his was carried.

ou. Mr. Beaven moved to strike out ion 132 and insert: The council , in each and every year, after the revision of the roll, pass a by-law levying a rate or rates on all the real property, or improvements the assessment roll, to provide for all the necessary expenses of the municipality, as well the payment of every such sum or sums as the municipality shall be liable for during the current year in respect of any debenture or other debt or obligation, and also such other sum or sums of money as may be found expedient; provided, always, that the rate to be levied in any year, including what is required for payment of interest on outstanding debentures, and the amount required for a sinking fund therefor, and for school purposes (if any), shall not exceed the sum of one and one half cents on the dollar. Carried.

Hon. Mr. Beaven moved to add to section 132 (a) The council may settle, impose, and levy rates and taxes upon improvements at a percentage less than that imposed by the council upon land, or they may exempt improvements from taxation altogether; (b) The council may keep different columns in the assessment roll, showing separately the assessed value of "land" and the assessed value of "improvements," or they may keep an assessment roll showing the value, in the assessor's estimation, of the improvements thereon.—Carried.

Mr. Kitchen's amendment, to exempt the land adjoining a hospital to the extent of only five acres instead of twenty.

Mr. Eberts made a plea for the hospitals, citing the Jubilee Hospital and the good it did in looking after the old and incurable. He thought it would be very hurtful to them to tax them on the land they had over five acres.

Mr. Milne hoped the Government would make a home for the poor, aged and incurables apart from the hospital. He thought the day was not far distant when the City and Government together would put apart, not 20 only, but 50 acres, where these poor people could be placed.

Mr. Grant said it was most desirable to make pleasant grounds round hospitals for the use of the patients. He believed in exempting a good sized piece of land around hospitals for that purpose. He hoped the House would look at it in this spirit of broad Christian charity.

The amendment was lost.

On motion of Hon. Mr. Robson the following was added as clause 191:

"In cases where the board of licensing commissioners have refused to grant a new license, it shall not be lawful for the said board to entertain or consider a second or further application for a new license from the same applicant within twelve months from the date of such refusal."

The following amendments by the Attorney-General were carried:

"250. In case it shall appear that the council of any municipality has, prior to the passing of this act, obtained advances of money from any persons or corporations for works within the municipality, whether beneficial to the whole or only part thereof, and that securities which are of doubtful validity have been given for such advances, it shall be lawful for the council of such municipality to pass a by-law providing for the redemption of such doubtful securities by the issue of new debentures, or in any other manner provided in this act for the raising of money by municipalities.

"251. Such by-law shall, as near as possible, conform with the requirements prescribed in this act for the passage of by-laws for contracting debts, and shall be voted upon by the electors, in accordance with the provisions of section 103 of this act.

"252. If such by-law shall receive the assent of the electors, and shall be finally passed by the council, it shall, notwithstanding any want of substance or form, be a valid by-law, and the debentures issued thereunder shall not be questioned on any ground whatever, and the council shall thereafter be at liberty to redeem the said doubtful securities, by issuing the said new debentures, or otherwise, in accordance with the provisions of the said by-law."

Mr. Kitchen protested this was to meet the Surrey Enabling bill ruled out the other day.

Mr. Sword moved an amendment to the effect that it should be by consent of the majority of the voters, said majority of the ownership of the land affected, and not spread over the whole municipality.

Mr. Sword's amendment was lost.

Hon. Mr. Beaven moved: "Notwithstanding the limit of taxation of 1 per cent. and one-half of 1 per cent. on the assessed value which may be levied upon land, or upon real property, or upon improvements, under authority of this act, the Council should have power to borrow funds necessary for dyking or improving on the local improvements, etc., but that section 251, subsection (a): The by-law shall not come into force or take effect until the assent of the electors has been obtained, in conformity with the provisions of this act in respect of by-laws for contracting debts."

This was lost.

The House adjourned at 12:30 a.m.

Ask Your Friends

Who have taken Hood's Sarsaparilla what they think of it, and the replies will be positive in its favor. One has been cured of indigestion and dyspepsia, another finds it indispensable for sick headache, others report remarkable cures of scrofula, salt rheum, etc. Truly, the best advertising which Hood's Sarsaparilla receives is the hearty endorsment of its army of friends.

COAL

The New Vancouver Coal Mining & Land Co., L'd.
(FORMERLY THE VANCOUVER COAL CO.),
ARE THE LARGEST COAL PRODUCERS ON THE PACIFIC COAST.

THE NANAIMO COAL (Used principally for Gas and Domestic Purposes). | THE SOUTH FIELD COAL (Steam Fuel).
THE NEW WELLINGTON COAL
(House and Steam Coal) are mined by this Company only.

THE "NANAIMO" COAL gives a large percentage of Gas, a high Illuminating Power, unequalled by any other Bituminous Gas Coal the world, and a superior quality of Coke.

THE "SOUTH FIELD" COAL is now used by all the Leading Steamship Lines on the Pacific.

THE "NEW WELLINGTON" COAL, which was introduced early in the present year, has already become a favorite fuel for domestic purposes. It is a clean, hard coal, makes a bright and cheerful fire, and its lasting qualities make it the most economical fuel in the market.

The several Mines of the Company are connected with their Wharves at Nanaimo and Departure Bay, where ships of the largest tonnage are loaded at all states of the tide. Special dispatch is given to Mail and Ocean steamers.

AN UNFORTUNATE TRIP.

Freer Sanderson Meets His Death While Sealing—A Bright Scholar.

A boat's crew from the schooner Geneva, which was reported in last evening's TIMES as beating up the Straits with her bowsprit sprung, arrived in the harbor late yesterday afternoon, having left the schooner in Pedder Bay, whence she was brought by the steamer North Star this morning. The Geneva has had very poor luck, having had one of her boats demolished and received other damage to her rigging, etc., while she only got three skins, the weather being dreadful off Queen Charlotte Island, where she was sealing.

Besides this, she has to chronicle one of the saddest accidents in the history of the sealing industry, the drowning of a young man named Freer Sanderson, a native of England, aged about 26 years, which occurred on the 3rd of April. He was carrying a tray of victuals across the deck when the schooner gave a sudden lurch and he fell overboard. A boat was lowered but nothing was seen of him after he left the deck. Sanderson was a graduate of the Toronto Medical College, and had only to pass the examination here before practising. When he arrived in the city, however, a few days before leaving on the Geneva, he was short of funds and took the first opportunity offered to get a few dollars together to keep him while he was waiting for the examinations to come off. A couple of his schoolmates now residents of this city say that he was one of the bright boys of the medical college and a general favorite with his fellow students. His parents reside in England, but he has a brother teaching school in Goderich, Ont., who will be communicated with.

IN TEMPERANCE INTERESTS.

Mayor Hilton's Lecture in the Presbyterian Church Last Night.

The lecture delivered in the Pandora Street Presbyterian Church, last evening, by Major Hilton, was one of the most convincing for the abolition of the drink traffic ever delivered in Victoria.

In reading 2 Kings, 18 chapter, the lecturer said that when God commands we must obey, or take the chastisements that surely follow disobedience. Hezekiah was a man that did that which was right in the sight of the Lord, and when he received orders from God's word of what he was to do, he did not begin to count the cost of all the idols and altars which this great people had been building and garnishing for 700 years. Nor did he say I will just spoil the little mean ugly ones and let the grand costly ones stand, too much money in these, public sentiment would be against me. No, but "he removed the high places, and brake the images and cut down the groves, and brake in pieces the serpent," utterly demolishing the God dishonoring and man debasing traffic in idols. The millions of money represented in the manufacture and sale of these things were never once thought of in comparison with the value of one of the precious souls to be rescued and brought back to God.

The worship of rum is universal and of a far more demoralizing nature than that of any other form of idolatry, blighting homes, breaking hearts and sinking humanity to the lowest depths of degradation, filling prisons, brothels and asylums in time and crowding hell for eternity.

When one man possessed of a legion of devils was to be saved, our Lord did not talk about the value of the 2000 swine that must be destroyed by his rescue, and there was no talk about public sentiment. No; the only fear of public sentiment exhibited was by the swine, unlike the boldness of human demoniacs. They, poor animals, were so ashamed of themselves that they ran violently into the water to hide themselves forever.

Social Life in Victoria.

THE ABOVE WORK IS THE OUTCOME of the recent Moral Reform Movement which took place in the Capital City of British Columbia, and which played such an prominent part in the late Municipal Elections held there. The author discusses the various phases of the question, and has endeavored to deal with the subject in a manner that will be interesting and of practical benefit to every reader into whose hands his book may fall. The position taken by the Ministers of the Christian Churches in regard to the Municipal Election above referred to is also fully dealt with, and although the criticisms may seem severe to some, the author hopes the conclusions drawn and the desire he has shown to do a service, no matter how slight it may be, to the weak and fallen, will meet with the approval of all lovers of justice and humanity.
